Murals & Artworks

Option A CLOSED GROUP WORKSHOP

Best for team away days, workplace wellbeing sessions, staff networks, creative team-building, internal culture events and employee engagement.

Participants work together to create a shared artwork around a chosen theme, such as belonging, wellbeing, team values, place, nature, heritage or connection.

The session is structured and fully guided, with a clear creative journey from warm-up prompts to collective making.

OUTCOME

A collective artwork, panel, values wall or display piece created by the group.

Option B OPEN / DROP-IN MURAL ACTIVATION

Best for corporate community days, CSR programmes, public events, festivals, launch events, cultural celebrations, family days and placemaking projects.

Roopa creates a visual framework in advance so members of the public, staff, families or community participants can easily add to a shared mural or installation. The activity is designed for people to join in at different points, making it ideal for rolling participation.

OUTCOME

A participatory mural, event artwork, community panel or public-facing creative installation.

CO-CREATED MURALS & COLLECTIVE ARTWORKS

A collaborative creative workshop where participants contribute to a shared mural, panel or visual installation. Roopa designs an accessible creative framework using colour, pattern, mark-making and storytelling prompts, so everyone can take part regardless of confidence or previous art experience.

Pattern, Print & Textile

Option A

BLOCK PRINTING WORKSHOP

Participants create their own patterns using blocks, colour and repeat design. Roopa introduces simple approaches to pattern, composition and layering, before guiding the group through printing onto paper or fabric. There is also an option to design and carve simple rubber blocks.

OUTCOME

A printed piece to take away, such as a print on paper, fabric, tote bag, card, or agreed item.

Option B

TEXTILE STORIES WORKSHOP

Participants create textile artworks while exploring cloth, memory, identity, heritage and personal storytelling. The session can be shaped around South Asian Heritage Month, International Women's Day, belonging, family stories, journeys, textiles or wider themes of culture and connection.

OUTCOME

A textile artwork to take away or contribute to a collective display or installation.

Option C

COLLAGRAPHY & MIXED MEDIA PRINT WORKSHOP

Participants create textured printing plates using collage and recycled materials, then produce prints through pattern, texture and mark-making. This is especially good for entry level participants, as the focus is on process rather than technical skill.

OUTCOME

A series of experimental prints or one finished mixed media artwork to take away.

PATTERN, PRINT AND TEXTILE WORKSHOPS

A selection of tactile, visually rich workshops built around pattern, print, textiles, memory and making. These are strong options for team away days, wellbeing sessions, staff networks, cultural celebrations and creative socials.

Paper, Light & Colour

Option A

FAUX STAINED GLASS PANELS WORKSHOP

Participants create faux stained glass-inspired panels using transparent colour, pattern and surface techniques. This works well for seasonal events, wellbeing sessions, office beautification, Pride and cultural celebrations such as Diwali, Christmas and Eid.

OUTCOME

A decorative panel to take away, or a collective artwork for display in a window, office or event space.

Option B

ORIGAMI WORKSHOP

Participants create origami inspired shapes and forms such as butterflies, flowers, stars, birds or other shapes linked to the theme of the event. Roopa guides the group step by step, making the process accessible even for complete beginners.

OUTCOME

Folded paper pieces to take away, or a contribution to a larger collective installation or display.

Option C

PAPER FLOWERS & VASES WORKSHOP

Participants create paper flowers, leaves and simple sculptural paper vases through cutting, shaping and assembling forms. The emphasis is on colour, play, texture and accessible making. Each person creates an individual piece or contributes to a shared display.

OUTCOME

A paper flower arrangement or sculptural piece to take away, or a contribution to a shared display.

CHOOSE YOUR PACKAGE

Select from co-designed murals, drop-in mural activations, or creative team workshops including print, textiles, paper, colour and storytelling.

SHAPE YOUR OUTCOME

Roopa brings the creative design, facilitation, materials and tools. Additional facilitation, photography, finishing, installation or de-installation can be added where needed.

BOOK YOUR SESSION

Together we agree the theme, audience, format and final artwork. This could be an individual takeaway, collaborative panel, values wall, office display, window artwork or public-facing installation.

Add-ons and bespoke elements are quoted separately. Additional costs may apply for larger groups, specialist materials, outdoor delivery, site visits, installation, travel, documentation or short turnaround times.

★ TESTIMONIALS ★

"I'd never tried block printing before. I can now spot my art and say, 'I was part of this.'"

— Participant, Shamiyana (blockprinting collaborative installation)

"I had fun and felt relaxed at the same time."

— Participant, Voices of Wandsworth (origami workshop)

"I picked up a paintbrush after 20 odd years. I feel energised."

— Contributor, Splash of Colour (community mural)
